

CPS Virtual CHAMPIONSHIP Challenge

Spring sports may have been lost, but the competition between schools is just getting started!

CPS Athletics has created a randomly seeded bracket with each of our high schools included. The CPS Virtual Championship Challenge will match schools with one another to compete in fun and creative virtual challenges.

@iamcpsathletics will post on Mondays with a instructions for a themed challenge for the week. Collaborate with your classmates and friends to create a fun video that meets the criteria of the week's theme!

- 1. Make an Instagram account and follow @iamcpsathletics for weekly updates and announcements!**
- 2. Submit your video to your school athletic director or tag your school and CPS Athletics on Instagram. If you make the cut, your video will be featured on the CPS Athletics Instagram page!**
- 3. Vote for the school with the best video to see who moves to the next round!**
